Organizational Structure And Expectations

EMPLOYMENT AT WILL

All employees are hired for an unspecified duration, and employee classification does not guarantee employment for any specific length of time. Employment is at the mutual consent of the employee and Bost, Inc. Bost, Inc. reserves the right to hire, promote, demote, discharge or terminate employment and compensation at any time, with or without cause, and with or without advance notice.

Please note: Bost, Inc. may be hereafter referred to in these Agency Policies as Bost, Bost, Inc. Bost Human Development Services, Inc., BHDS, Agency, or Organization.

The policies, as explained herein, may be changed from time to time as business, employment legislation, and economic conditions dictate. If and when provisions are changed, you will be notified. It is your responsibility to ensure you have the most up-to-date version of the employee policies. You are responsible for reading and understanding the policies of the Agency.

EQUAL OPPORTUNITY EMPLOYMENT

Our Company is an Equal Employment Opportunity (EEO) Company and as such endeavors to recruit and hire persons without discrimination as to race, creed, color, sex, or national origin.

The Human Resources Director has been appointed the Organization's Equal Employment Opportunity officer with the responsibility to implement the program. This official will coordinate the equal employment efforts of superintendents and foremen and advise and assist top management.

The Human Resources Director shall regularly report to the CEO concerning the state of progress and make recommendations where appropriate to correct any deficiencies noted in our Equal Employment Opportunity Program and to revise and update the program at least annually.

The Human Resources Director will be the center point contact within the company for all equal employment opportunity matters. If you have any questions, problems, or complaints regarding our program, the Human Resources Director may be reached during regular business hours at our office at 5812 Remington Circle, Fort Smith, AR 72903.

NEPOTISM

All applicants are considered for employment based on qualifications. The employment of relatives can cause various problems, including charges of favoritism, conflicts of interest, family discord and scheduling conflicts that work to the disadvantage of both Bost, Inc., (the Organization) and its employees. This policy applies to all positions, full- and part-time, regular, and temporary, in all the Organization's locations and programs; therefore, it is the policy of the Organization not to hire immediate family members if it creates:

- A direct supervisor/subordinate relationship with a family member.
- The potential for creating an adverse impact on work performance; or
- Either an actual conflict of interest or the appearance of a conflict of interest.

Employees who become immediate family members or establish a romantic relationship may continue employment as long as it does not involve any of the above. If one of the conditions should occur, attempts

will be made to find a suitable position within the organization to which one of the employees will transfer within sixty days. If a transfer is not feasible, the employees will be permitted to determine which of them will resign. If the employee cannot make a decision, the Organization will decide in its sole discretion who will remain employed.

For purposes of this policy, the term “relatives” includes the following relationships, whether established by blood, marriage, or other legal action, mother, father, husband, wife, son, daughter, sister, brother, mother-in-law, father-in-law, sister-in-law, brother-in-law, son-in-law, daughter-in-law, stepchild, aunt, uncle, nephew, niece or cousin.

This policy does not apply to the “relatives” who already are employed by the Organization as of the effective date of this policy. This waiver, however, may not be used as a basis for further exceptions subsequent to the effective date of this policy.

The Department Director or their designee is ultimately responsible for correcting any situation that is prohibited by this policy.

AGENCY POLICIES ACCEPTANCE

All employees shall be required to sign a statement indicating they have received these policies and agree to work under the conditions stated herein.

INTENT OF POLICIES

The Personnel Committee shall be charged with interpretation of these policies and their intent.

POLICY CHANGES

These policies may be revised, rewritten and/or amended by the Executive team and final approval by the Board of Directors. Copies of all authorized changes in these policies shall be given to all employees. Employees, if desirous of doing so, may have input into this process by filing written suggestions with the chairperson of the Personnel Committee, CEO or Director of Human Resources. At the option of the Agency, we may change, delete, suspend, or discontinue any part or parts of the policies at any time without prior notice. Any such action shall apply to existing as well as future employees with continued employment being the consideration between the employer and employee.

No statement or promise by a supervisor, manager, or department head may be interpreted as a change in policy nor will it constitute an agreement with an employee.

INFORMATION MANAGEMENT

The Agency will annually evaluate information and technology needs to assist in planning for the following areas:

1. Software
2. Desktop computers
3. Network Systems
4. Protection and Security

5. Backup Policies

Information of interest related to Agency services and personnel will be posted regularly on the Agency bulletin boards. Only authorized personnel will be permitted to post, remove, or alter any notice on the Agency bulletin boards.

Individual departments may set up “employee boards” for employees to post items for sale and other related personal news. Such employee boards shall be located in areas not visible by the general public, visitors or other non-employees, and postings shall be tasteful and not offensive to any reader. All postings require the approval of the respective department director, or his/her designee.

VOLUNTEERS

Volunteers are welcome to help Bost, Inc. provide strong programs and accomplish its Mission. Volunteers are valued, encouraged and utilized to supplement the services provided by Bost, Inc.

Bost accepts the service of all volunteers, with the understanding that such service is at the sole discretion of Bost and the appropriate program director. Volunteers agree that at any time with good reason Bost may decide to terminate the volunteer’s relationship with Bost.

A volunteer is anyone who, without compensation or expectation of compensation, performs a task at the direction of and on behalf of Bost.

Volunteer individuals shall be designated as event related volunteers, or as service-related volunteers. Service-related volunteers are all other individuals that offer their time and services to supplement the work and services of the Agency. Service-related volunteers may be assigned to assist Bost employees but will always perform their duties under the direct supervision of the program supervisor or director. A volunteer must be accepted by Bost prior to performance of a task. Unless specifically stated, volunteers shall not be considered as agents of Bost. Bost does not accept the services of employees as volunteers.

Volunteers are viewed as a valuable resource for Bost. Volunteers will be extended the right to be given meaningful assignments, the right to be treated as equal to Bost employees with regard to appropriate supervision and recognition for work done.

duties; to maintain confidentiality in accordance with HIPAA standards, and to remain loyal to the mission, policies, and procedures of Bost.

Each volunteer is responsible for the accurate completion and timely submission of timesheets. Timesheet information is only used for volunteer recognition.

Volunteers in certain assignments may be asked to submit to a background criminal records check.

Volunteers who do not agree to the records check may not be accepted.

MAINTENANCE OF JOB DESCRIPTIONS

Written job descriptions will be developed and maintained for each position in the Agency, which will include duties, responsibilities, and qualifications. All job descriptions will be approved by the CEO or designee.

The job descriptions will be written in terms of tasks, responsibilities, and physical requirements. Job descriptions will specify the employee's immediate supervisor and any personnel supervised by the particular position described. All individual job descriptions will be filed in the individual employee's personnel file and will be signed and dated by the employee and the supervisor or Department Director.

Employees may be required to perform related duties not specified in the job description. In the event new major responsibilities or other significant changes occur, the job description may be rewritten to reflect these changes. If the job description is rewritten, it will be placed in the employee's personnel file after the supervisor reviews the job description with the employee. Job descriptions will be available to the public upon request.

DOCUMENT RETENTION AND DESTRUCTION

To identify processes for storage and destruction of paper and/or electronic records it is the responsibility of each Department/Program Director/Manager to ensure compliance with all Federal and State Record Retention and Destruction requirements that apply to their programs and to the Agency. All employee medical and medically related records are to be sent by the employee directly to the Director of Human Resources. All such records are kept highly confidential in separate employee medical records file. Access to an employee medical records file is restricted to the CEO or designee, authorized medical employees and licensure or certification representatives.

Section IV

Benefits Administration

EMPLOYEE BENEFITS

Bost, Inc. provides the following employee benefits:

- A. **WORKER'S COMPENSATION:** As required by law. All employees are covered by workers' compensation insurance, which compensates an employee for lost time, medical expenses, and loss of life or dismemberment from an injury arising out of or in the course of work. Employees must report any accident or injury immediately to his/her supervisor and the Human Resources Department.
- B. **SOCIAL SECURITY:** As required by law. The employee and Bost, Inc. each pay a portion.
- C. **MEDICAL BENEFITS:** Regular, full-time employees are eligible for health insurance on the first day of the month following 60 days of employment. Employees wishing to include their families may join the plan at their own expense. Full-time employees may add a spouse or dependent, but if spouse or dependent coverage is not taken at the time of initial enrollment, any additions will be subject to federal law and the Plan Document and will require approval by the insurance carrier.
- D. **UNEMPLOYMENT:** As required by law.
- E. **OTHER:** All other benefits offered to employees are available at the employee's expenses through payroll deductions.

PPACA PERIODS METHODOLOGY

Bost, Inc. will properly document the methodology (periods) the agency uses to determine part time employee insurance eligibility required under the Patient Protection and Affordable Care Act and the Treasury and IRS release of the "Employer Shared Responsibility for Employers Regarding Health Coverage" final rule published in the Federal Register on Feb 12, 2014.

PAID TIME OFF (PTO)

Paid Time off (PTO) benefit time is granted to full-time employees and may be used for vacation, personal, funeral, and sick leave. Speech, Occupational and Physical therapists receive annual compensation in lieu of PTO. PTO is designed to give employees time needed away from their everyday work schedule. The Agency values its employees and recognizes the need for time off to balance home and work.

Accrual of PTO hours for all employees:

Years of Service	Rate - Per Hour Worked	Maximum Per Pay-Period	Total Maximum Annual Hours	Total Maximum Annual Days
0-3 years	0.046154	3.6923	96	12
4-10 years	0.065385	5.2308	136	17
11-19 years	0.084615	6.7692	176	22
20+ years	0.10384	8.3077	216	27

Eligibility & Utilization - For purposes of this policy, the year is interpreted to start on the employee's date of hire. All full-time employees start earning PTO immediately on the first day of hire according to the above schedule. Utilization will be in hourly increments.

PTO is not earned for time when unpaid leave is taken. Part-time employees, temporary employees, or contract labor do not earn PTO.

Employees changing from full-time to part-time will receive full payout of earned PTO but will not receive time off. Request for PTO payout must be completed and processed with the personnel change form. Completed and approved change forms must be sent to human resources for further processing.

Maximum Carry Over – The maximum PTO time that may be carried over from one fiscal year to the next is 300 hours.

PTO Approval - Paid Time Off must be scheduled in advance and have supervisory approval, except in the case of illness or emergency. Unscheduled PTO will be deducted from the employee's PTO bank in hourly increments with the exception of holidays, jury duty and military duty. Except in the case of illness or emergency the employee may be disciplined for unapproved absence. PTO requested in excess of two weeks must be approved by the CEO or designee. PTO will not be approved once notice has been given by the employee.

Payment of Accrued PTO Upon Resignation/Termination – Retiring employees who provide a two-week notice will be paid for all unused, accrued PTO. Social Security Administration guidelines will be used to determine retirement age eligibility. Employees who resign and provide a two-week notice will be paid up to 40 hours of their unused, accrued PTO. Terminated employees will not be entitled to unused, accrued PTO, with the exception of laid-off employees, who will be eligible to receive a payout of up to 40 hours of unused, accrued PTO.

Administration - For Department Directors only, a payout of PTO available hours may be requested on an annual basis in lieu of PTO taken, as long as a minimum of 120 hours are available for other purposes at all times. Annual basis is defined as being the twelve-month period from the Department Director's original date of full-time hire, and each twelve-month period following. The COO or CEO approves or deny the request.

REQUESTS for LEAVE without Pay

When an employee requests unprotected unpaid leave, Bost, Inc. will retain the right to approve or decline the request. All requests for Leave without pay must be submitted in writing to the employee's Department Director. The final decision to approve or decline the request will be made by the COO.

HOLIDAY LEAVE

Full-time employees become eligible for holiday leave upon completion of thirty days of full-time employment status. Ten paid holidays are scheduled annually for regular full-time employees and will be posted by January 1 of each year. Eligible employees will automatically be paid 8 hours for the scheduled holiday regardless of if they are or are not working on the holiday. Employees on continuous FMLA with a PTO balance of ZERO will not be paid holiday pay. Since Bost, Inc. must care for some individuals on a

daily or twenty-four hour per day basis or to meet consumer needs, it is necessary for some employees to work on a designated holiday. The Administration of Bost, Inc. reserves the right to determine which employees will work on a given holiday. Holiday pay will not be approved once notice has been given by the employee.

FAMILY AND MEDICAL LEAVE

In Compliance with All Provisions of the Family and Medical Leave Act (FMLA)

Types of FMLA Leave

Bost, Inc. recognizes that situations can occasionally arise that require an employee to be absent for serious illness and other family obligations. A leave of absence under the Family and Medical Leave Act is available to eligible employees who wish or need to take time off from work duties for the following reasons:

Basic Leave

1. Incapacity due to pregnancy, prenatal medical care, or childbirth.
2. To care for the employee's child after birth, or placement for adoption or foster care.
3. To care for the employee's spouse, child (under 18, unless special circumstances exist), or parent with a serious health condition.
4. A serious health condition of the employee that makes the employee unable to perform the functions of his or her job.

Military Family Leave

1. A covered family member's active duty or call to active-duty status in the National Guard or Reserves in support of a contingency operation; and
2. To care for an injured or ill covered service member.
3. This policy provides employees with a general description of their FMLA rights and obligations. Any conflict between this policy and the FMLA is resolved in favor of the FMLA.

Eligibility

1. To be eligible for an FMLA leave, an employee must have worked for Bost, Inc. or one of its wholly owned subsidiaries for a total of at least 12 months, have worked at least 1,250 hours in the 12 months preceding the leave, and work at a site with at least 50 employees within 75 miles.
2. If employees are at a location that has fewer than 50 employees in a 75-mile radius, the employees are not eligible for leave under the Family & Medical Leave Act; however, the employees will be eligible for Family & Medical Leave under Bost, Inc.'s policy. This leave under Bost, Inc.'s policy will be administered under the same provisions as employees that are covered under the Family & Medical Leave Act, provided that Bost, Inc. may make exceptions to granting leave based on the operational needs of the specific Bost, Inc. location involved.
3. An eligible employee is entitled to take up to 12 weeks of FMLA leave during a 12-month period for circumstances 1 through 4 listed above and up to 26 weeks of FMLA leave during a 12-month period for circumstances related to Military Family Leave.

4. The 12-month period is defined as a rolling 12-month period measured backward from the date an employee uses any FMLA leave.

Applying for Leave

1. An employee in need of a leave of absence may initially verbally notify his/her supervisor; however, the verbal notification must be followed by a written notice.

Calling in sick is not notice that an employee needs to take FMLA leave.

1. Generally, employees must provide at least 30 days advance notice of the need to take FMLA leave when the need is foreseeable. When the need for leave is not foreseen and 30-day notice is not possible, except in unusual circumstances, notice must be given within two working days of learning of the need for leave.
2. Form FMLA-E is available on the Intranet and must be used to submit a written request for FMLA leave. The completed form must be submitted to the Human Resources Officer for the employee's area. If an employee is physically unable to complete Form FMLA-E, a responsible family member or Bost, Inc. officer may complete and submit the form on behalf of the employee.
3. Employees must provide sufficient information for Bost, Inc. to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that the employee is unable to perform the essential job functions; the family member is unable to perform daily activities; the need for hospitalization or continuing treatment by a health care provider; or circumstances supporting the need for military family leave.
4. Employees must also inform Bost, Inc. if the requested leave is for a reason for which FMLA leave was previously taken or certified.
5. Bost, Inc. will inform employees requesting leave whether they are eligible for leave under the FMLA. Bost, Inc. will normally notify employees of their eligibility and their rights and responsibilities using Form WH-381. If an employee is eligible, Bost, Inc. will specify any additional information required and inform the employee of the employee's rights and responsibilities. If they are not eligible or the reason for the leave is not FMLA protected, the employee will be notified and given a reason.

Certifications & Recertification's

1. Even though an employee may meet eligibility requirements for taking FMLA leave and have FMLA leave available in the applicable 12-month period, it still must be determined if the planned absence qualifies as FMLA leave. The required certification to make this determination should be covered in one of the following circumstances:
2. An employee seeking FMLA leave due to the employee's serious health condition must submit a medical certification issued by the employee's health care provider (Form WH-380-E).
3. An employee seeking FMLA leave to care for a covered family member with a serious health condition must submit a medical certification issued by the health care provider of the covered family member (Form WH-380-F).
4. An employee seeking FMLA leave due to a qualifying exigency must submit a certification of the qualifying exigency for military family leave (Form WH-384).
5. An employee seeking FMLA leave due to a serious injury or illness of a covered service member must submit a certification providing sufficient facts to support the request for leave (Form WH-

385).

6. Failure to provide complete, timely and sufficient medical certification for the employee's own serious health condition, to support a request for an FMLA leave to care for a covered family member with a serious health condition, and/or to support a request for an FMLA leave to care for a covered service member may result in denial of the leave or the leave not being designated as FMLA leave. If the leave is not designated as FMLA, an employee is not entitled to FMLA benefits, including continuation of health care benefits. Employees have 15 calendar days following receipt of the Notice of Eligibility (Form WH-381) to return the form to the Human Resources Officer. If additional time is needed, it should be requested through the Human Resources Officer.
7. Failure to provide all requested information to support a request for FMLA leave due to a qualifying exigency may result in denial of the request for FMLA leave. Additional information about this type of leave is provided on Form WH-385.
8. If any certification is incomplete or insufficient, Bost, Inc. will normally use Form WH-382 to notify the employee what additional information, if any, is necessary to make the certification complete and sufficient.
9. Periodic reports and recertification's are required regarding the condition that prompted the leave to be taken, the employee's status, and the employee's intention to return to work. The appropriate frequency of these required reports and recertifications will be determined for the particular leave situation. Failure to provide these periodic reports and recertifications may result in suspension of the approved leave or disciplinary action up to and including discharge.

Use of Leave

1. Employees are not required to use an FMLA leave entitlement in one block. Leave can be taken intermittently or on a reduced schedule when medically necessary. Employees must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt Bost, Inc.'s operations. Leave due to qualifying extengencies may also be taken on an intermittent basis.
2. Employees are required to use all paid time off available to them during any leave under this policy.
3. If a company observed holiday falls in a week in which an employee is on FMLA leave for the full week, the holiday will count as a day of FMLA leave. If the employee works part of the week in which a holiday falls, the day will not count as a day of FMLA leave.
4. If a company observed holiday occurs during the paid portion of an employee's leave, an eligible employee will be paid for the holiday. If a company observed holiday falls during the unpaid portion of a leave, the employee will not be paid for the holiday.
5. Ordinarily, no combination of family leave and medical leave can exceed the 12-week maximum limit. Bost, Inc. may consider an extension; however, an extension beyond the initial 12 weeks during a 12-month period will not guarantee a return to the same or an equivalent position in which previously employed.

Designation of Leave

1. Any leave covered under the FMLA will be designated as FMLA leave. Bost, Inc. will normally use Form WH-382 to notify the employee whether the leave is designated as FMLA leave or not, and of the amount of leave that will be counted against the employee's FMLA leave entitlement.

2. In order to properly designate leave time, Bost, Inc. may exercise its right to authenticate that a certification document came from the health care provider indicated. Also, with the employee's permission Bost, Inc. may contact the health care provider for clarification of information on the form (e.g., cannot read doctor's handwriting and need to know what the form states). Bost, Inc. may also have the employee obtain a second and third opinion medical certification at Bost, Inc.'s expense.
3. If the employee is considered a "key employee" as defined in the FMLA, restoration to employment may be denied following FMLA leave on the grounds that such restoration will cause substantial and grievous economic injury to Bost, Inc.

Activities While on FMLA Leave

While on FMLA leave, no employee may engage in any activity, including other employment or work, which violates the employee's medical restrictions. If, while on FMLA leave, an employee chooses to work for someone else in a capacity that does not violate his/her medical restrictions, Bost, Inc. will not pay the employee PTO.

Definitions

1. 12-Month Period - A "rolling" 12-month period measured backward from the date an employee uses any FMLA leave. For the use of the 26 weeks of FMLA leave to care for an injured or ill covered service member, the 12-month period begins on the first day the employee takes FMLA leave to care for a covered service member and ends 12 months after that date.
2. Serious Health Condition - An illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job or prevents the qualified family member from participating in school or other daily activities.

A serious health condition includes treatment by a health care provider and:

- a. A period of incapacity due to pregnancy, or prenatal care.
- b. A period of incapacity due to a chronic condition which:
 - i. Requires periodic visits for treatment by a health care provider.
 - ii. Continues over an extended period of time; and
 - iii. May cause episodic rather than a continuing period of incapacity.
- c. A period of incapacity due to a permanent or long-term condition; or
- d. Conditions requiring multiple treatments by a health care provider (for any period of absence).

Absences for pregnancy and chronic serious health conditions qualify even though an employee does not receive treatment from a health care provider during the absence, and even if the absence does not last more than three consecutive, full calendar days.

3. Continuing Treatment - A serious health condition involving continuing treatment by a health care provider means a period of incapacity of more than three (3) full consecutive calendar days combined with:

- At least two treatments (in-person) by a health care provider within 30 days of the first day of incapacity; or
 - Treatment (in-person) by a health care provider at least once, which results in a regimen of continuing treatment under the supervision of the health care provider.
 - The first (or only) in-person treatment visit must take place within seven (7) days of the first day of incapacity. “Incapacity” means inability to work, attend school or perform other regular daily activities due to the serious health condition, or treatment or recovery from the serious health condition.
4. Military Family Leave - Eligible employees with a spouse, son, daughter, or parent on active duty or called to active-duty status in the National Guard or Reserves in support of a contingency operation may use their 12-week leave entitlement to address certain qualifying exigencies.
 5. Qualifying Exigencies - May include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, attending post-deployment reintegration briefings, and special circumstances (if both Bost, Inc. and the employee agree to the leave).
 6. Covered Service Member – The FMLA permits eligible employees to take up to 26 weeks of leave to care for a covered service member during a single 12-month period. A covered service member is a current member of the Armed Forces, including a member of the National Guard or Reserves, who has a serious injury or illness incurred in the line of duty while on active duty that may render the service member medically unfit to perform his or her duties. Leave to care for an injured or ill service member, when combined with other FMLA-qualifying leave, may not exceed 26 weeks in a single 12-month period.

Benefits Continuation and Other Protection

1. If the employee’s leave qualifies as FMLA leave and the employee is covered by Bost, Inc.’s health benefit plans, including the medical insurance plan, Bost, Inc. will maintain the employee’s coverage as if the employee had continued to work, provided the employee makes appropriate premium payments. The employee will be responsible for making arrangements to continue to pay his/her share of the premium payments on all benefits that are continued during the leave.
2. The Director of Human Resources can offer the employee several payment options and can assist in calculating the amount the employee will owe while on leave. Payment may be made by personal check or by other alternative methods the Director of Human Resources can establish for the employee. If payment is more than 30 days late, coverage may be dropped. Any past due payments will be collected from the employee.
3. Medical premiums paid for an employee by Bost, Inc. during a leave must be repaid by the employee if the employee fails to return from leave, except if the reason is the continuation, recurrence, or onset of a serious health condition, or because of circumstances beyond the employee’s control. Failure to return for other than these conditions is considered a qualifying event under COBRA, i.e., continuation of specified health related benefits.

Return To Work

1. Most employees returning from an FMLA leave will be restored to their original or equivalent position with equivalent pay, benefits, and other employment terms.
2. If the circumstances of an employee's leave change and he/she is able to return to work earlier than the date originally indicated, the employee is required to notify his/her supervisor at least two (2) workdays prior to the date he/she intends to report for work. If the employee's supervisor is unavailable, notification should be made to the next level of supervision or another designated officer of Bost, Inc.
3. When an employee takes leave because of his/her own health condition, he/she is required to provide fitness and ability to return to work statement from a licensed health care provider before he/she resumes his/her job duties. If such certification is not timely, the employee's return to work may be delayed until certification is provided. A list of the essential functions of the employee's position should be attached to the Designation Notice (Form WH-382) provided to the employee. If it is not, the employee should request a copy from his/her supervisor or Director of Human Resources to provide to the health care provider when requesting the fitness-for-duty certification. The fitness-for-duty certification must address the employee's ability to perform the essential functions listed. Bost, Inc. reserves the right to determine which licensed health care provider is appropriate given the circumstances. If an employee fails to or cannot provide a fitness for duty certification, employment may be terminated.
4. For employees medically certified with a permanent or indefinite serious health condition, the employee may be required to present a fitness-for-duty certification in conjunction with an FMLA absence which occurs more than six months after the previous medical certification.
5. If an employee fails to report to work promptly at the end of the approved leave period, Bost, Inc. will assume that the employee has resigned.

Other Rights and Obligations

The FMLA makes it unlawful and Bost, Inc. will not:

1. Interfere with, restrain, or deny the exercise of any right provided under the FMLA; or
2. Retaliate, discharge, or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to the FMLA.

Bost, Inc. has posted and will continue to display the poster entitled "Your Rights Under the Family and Medical Leave Act of 1993."

Additional Information

Questions concerning this policy should be directed to the Director of Human Resources

JURY DUTY

Bost, Inc. Will pay employees for up to five days if they are called to serve on a jury. The employee is required to inform their supervisor as soon as possible after receiving the summons. If selected to serve on a jury, you may be asked to provide evidence of your service in order to qualify for this benefit. If the employee is dismissed from jury duty halfway through the day or sooner, the employee should contact their supervisor and return to work if requested.

Exempt employees who work any portion of the week in which they are serving jury duty will be paid for the

entire week. Non-exempt employees' compensation will be calculated as straight time by the regular hourly rate of the employee (training rate for waiver employees), not to exceed eight hours in any one day. If required to serve on a jury for more than five days, employees may use PTO or LWOP.

Section V

Performance and Discipline

JOB PERFORMANCE EVALUATION

All employees will have a ninety-day probationary period and an annual job performance evaluation written by their immediate supervisors as defined by the Table of Organization.

At the end of the employee's initial probationary period, the supervisor may complete the job performance evaluation and review it with the employee. Based on the results, the supervisor will make appropriate recommendations for completion or extension of the probationary period. If the probationary period is extended, a specific time period and criteria for successful completion will be stated.

The supervisor will complete the employee evaluation annually thereafter based on the employee's hire date. Completed evaluations will be forwarded on a quarterly basis to Human Resources by the designated due date for each quarter. Each evaluation session with the employee will include a review of the performance evaluation. At this time the supervisor will also ensure credentials (if required) are current and that the job description is still accurate.

All persons working for Bost as contract personnel must also participate in an annual evaluation with the immediate supervisor or Director of the Program they are assigned to.

The Department Director will review, and sign all completed department performance evaluations and ensure departmental evaluations are consistent and timely.

PROGRESSIVE DISCIPLINE

This Agency uses progressive discipline to ensure employee compliance with performance standards, ethics, and conduct. If a supervisor finds it necessary to use formal disciplinary measures, it is intended that the discipline be administered fairly, without prejudice and only for cause.

Disciplinary actions are of several levels, including oral and written warnings, disciplinary probation, and termination. The frequency and/or severity of misconduct determines which level of disciplinary action is required.

Progressive discipline is not required for all offenses. This Agency reserves the right to terminate employees for commission of serious infractions, regardless of progressive discipline.

All employees are hired for an unspecified duration, and employee classification does not guarantee employment for any specific length of time. Employment is at the mutual consent of the employee and Bost, Inc. Bost reserves the right to hire, promote, demote, or separate employment and compensation at any time, with or without cause, and with or without advance notice.

WARNINGS

A supervisor may address disciplinary issues with either verbal or written warnings prior to taking further disciplinary action. These warnings must be documented.

Documentation of written warnings will be signed by the supervisor and the employee and kept in the employee's personnel file. The employee's signature indicates receipt of the document, but not necessarily

his or her agreement with it. Failure to sign this document will result in immediate suspension and/or separation. This document will include indication of the date, violation, indication of necessary improvement, and information concerning further disciplinary actions that could result from failure to show improvement.

PROBATION

An employee may be placed on probation as a disciplinary or work performance measure with the approval of the CEO or designee. If both the CEO or designee are unavailable, then the respective Department Director may place the employee on probation. The supervisor, along with the respective Department Director, shall be responsible for outlining the conditions of the probation, monitoring and evaluating the work performance of the employee on probation. An employee may be terminated at any time during probation if the employee violates the terms of the probation.

The Department Director, with approval from the CEO, or designee, reserves the right to extend the probationary period.

SUSPENSION

Employees may be suspended for action deemed detrimental to the needs and rights of the Agency and clients. The purpose of suspension is to relieve the individual employee from the duties, responsibilities, and the environment of the Agency for the purpose of assessing an employee's performance or action, and/or to investigate.

When an individual employee's work performance or a specific action/incident is deemed serious to the extent requiring disciplinary action, suspension may be considered by the employee's supervisor. If suspension is believed to be warranted by a supervisor, the respective Department Director shall be consulted.

The suspension may be made verbally to the employee; however, all action taken by the Supervisor related to suspension shall be recorded in writing on a PCF by the Supervisor and made a part of the individual's personnel file.

TERMINATION OF EMPLOYMENT

Employees may be dismissed for sufficient cause including but not limited to:

- other behavior contrary to the mission of the Agency, these Personnel Policies, or the duties of the individual job descriptions

A severance may be given to an employee upon termination or discharge based on the individual circumstance of the termination.

The Department Director shall terminate employees only with the approval of the CEO or designee. All action taken by the Department Director relating to termination shall be documented by the Department Director and made a part of the individual personnel file.

All employees are hired for an unspecified duration, and employee classification does not guarantee employment for any specific length of time. Employment is at the mutual consent of the employee and Bost, Inc. Bost reserves the right to hire, promote, demote, discharge, or terminate employment and compensation at any time, with or without cause, and with or without advance notice.

CONFLICT RESOLUTION

The following has been established to provide employees with an appeal against decisions that they believe are unjust. Every effort should be made to solve a conflict at the earliest possible time and at the lowest possible step in the conflict resolution procedure. The employee does not qualify to utilize the conflict resolution policy during any probationary period.

If a disagreement cannot be solved with the employee's immediate supervisor, the following steps may be taken:

STEP 1. If the problem has not been resolved satisfactorily within seven calendar days, the employee should contact the authorized Department Director (or Manager) in writing, clearly stating that the employee has a conflict needing to be resolved. The Department Director shall have seven calendar days to issue an acknowledgment to the employee after receiving notice from the employee of the conflict. The Department Director shall schedule a meeting with all interested parties. The results of the meeting and the decision of the Department Director will be documented with a copy sent to the Director of Human Resources, the employee, the supervisor, and any other party involved in the conflict.

The COO or designee shall meet with all interested parties, which will include the employee, their immediate supervisor and may include the Department Director. STEP 3: If the employee seeks further resolution made by the CEO or designee, the employee may request a meeting with the Personnel Committee of the Board of Directors. The employee should contact the CEO within seven calendar days after receiving the decision in Step 2. Within 7 days upon receiving request from employee, the CEO or designee will of the Personnel Committee through the direction of the Committee Chairperson within seven days of receiving the request from the employee and shall notify the employee of the date, time, and location of the meeting with the Personnel Committee. The decision of the Personnel Committee is final and shall be communicated in writing by the Committee Chairperson to all parties involved within seven days of the hearing with the employee.

Failure to comply with this policy will result in appropriate disciplinary action, which may include termination of employment. Any non-compliance that is in violation of state or federal legislation may also result in penalties specified by the law.

SOCIAL MEDIA

At Bost, Inc. we understand that social media can be a fun and rewarding way to share your life and opinions with family, friends, and co-workers around the world. However, use of social media also presents certain risks and carries with it certain responsibilities. To assist you in making responsible decisions about your use of social media, we have established these guidelines for appropriate use of social media and apply them to all Bost, Inc. employees.

Guidelines

In the rapidly expanding world of electronic communication, *social media* can mean many things.- *Social media* includes all means of communicating or posting information or content of any sort on the Internet, including to your own or someone else's web log or blog, journal or diary, personal web site, social networking or affinity web site, web bulletin board or a chat room, whether or not associated or affiliated with Bost, Inc. as well as any other form of electronic communication.

The same principles and guidelines found in Bost inc. policies and three basic beliefs apply to your activities online. Ultimately, you are solely responsible for what you post online. Before creating online content, consider some of the risks and rewards that are involved. Keep in mind that any of your conduct that adversely affects your job performance, the performance of fellow employees or otherwise adversely affects anyone receiving services or working on behalf of Bost or Bost's legitimate business interests may result in disciplinary action up to and including termination.

Know and follow the rules

Carefully read these guidelines, the Bost Code of Ethical Conduct and any other applicable agency policies related to communications via social media and ensure your postings are consistent with these policies. Inappropriate postings that may include discriminatory remarks, harassment, and threats of violence or similar inappropriate or unlawful conduct will not be tolerated and may subject you to disciplinary action up to and including termination.

Be respectful

Always be fair and courteous to consumers, fellow employees and anyone working on behalf of Bost. Also, keep in mind that you are more likely to resolve work-related complaints by speaking directly with your co-workers or by contacting your immediate supervisor than by posting complaints to a social media outlet. Nevertheless, if you decide to post complaints or criticism, avoid using statements, photographs, video, or audio that reasonably could be viewed as malicious, obscene, threatening or intimidating, that disparage consumers, fellow employees or anyone working on behalf of Bost that might constitute harassment or bullying. Examples of such conduct might include offensive posts meant to intentionally harm someone's reputation or posts that could contribute to a hostile work environment on the basis of race, sex, disability, religion, or any other status protected by law or company policy.

Be honest and accurate

Make sure you are always honest and accurate when posting information or news, and if you make a mistake, correct it quickly. Be open about any previous posts you have altered. Remember that the Internet archives almost everything; therefore, even deleted postings can be searched. Never post any information or rumors that you know to be false about Bost Inc., fellow employees, consumers, vendors, people working on behalf of Bost or competitors.

Post only appropriate and respectful content

- Maintain the confidentiality of Bost, Inc. proprietary or confidential information. Proprietary information may include information regarding the development of systems, processes, products, know-how and technology. Do not post internal reports, policies, procedures, or other internal business-related confidential communications.
- Respect financial disclosure laws. It is illegal to communicate or give a "tip" on inside information to others so that they may buy or sell stocks or securities. Such online conduct may also violate the Insider Trading Policy.
- Do not create a link from your blog, website, or other social networking site to a Bost website without identifying yourself as a Bost employee.
- Express only your personal opinions. Never represent yourself as a spokesperson for Bost. If Bost is a subject of the content you are creating, be clear and open about the fact that you are an employee and make it clear that your views do not represent those of Bost, fellow employees, consumers, vendors, or people working on behalf of Bost. If you do publish a blog or post online related to the work you do or subjects associated with Bost, make it clear that you are not speaking on behalf of Bost. It is best to include a disclaimer such as "The postings on this site are my own and do not necessarily reflect the views of Bost, Inc."

Using social media at work

Refrain from using social media while on work time or on equipment we provide unless it is work-related as authorized by your manager or consistent with agency policies. Do not use Bost, Inc. email addresses to register on social networks, blogs or other online tools utilized for personal use.

Retaliation is prohibited

Bost prohibits taking negative action against any employee for reporting a possible deviation from this policy or for cooperating in an investigation. Any employee who retaliates against another associate for reporting a possible deviation from this policy or for cooperating in an investigation will be subject to disciplinary action, up to and including termination.

Media contacts

Employees should not speak to the media on Bost's behalf. All media inquiries should be directed to the.

MOBILE PHONES & OTHER ELECTRONIC DEVICES

While at work, employees are expected to exercise discretion in using mobile phones and other electronic devices for personal use. Mobile phones should be turned off or set to silent or vibrate mode during meetings, conferences and in any circumstance where incoming calls may be disruptive.

Bost will not be liable for the loss or damage of personal mobile phones or other electronic devices brought into the workplace.

When job duties or business needs demand, the agency may issue a mobile phone and/or other electronic devices to an employee. Personal use of agency-issued mobile phones and/or other electronic devices should be exclusively used to meet the needs of the business. Employees in possession of agency-owned mobile phones and/or other electronic devices are expected to protect the equipment from loss, damage, or theft. Upon resignation or termination of employment, or at any time on request, the employee may be asked to produce the phone for return or inspection.

All employees are expected to follow applicable local, state, and federal laws and regulations regarding the use of mobile phones and electronic devices always.

Employees are required to use hands-free devices at all times or pull off to the side of the road and safely stop the vehicle before placing or accepting a call.

Employees whose job responsibilities include transporting consumers are required to refrain from using mobile phones or electronic devices while driving. In case of an emergency employees should pull over to make calls.

Employees violating this policy will be subject to discipline, up to and including termination of employment.

DISTRACTED DRIVING

The dangers of distracted driving are a serious concern to Bost, Inc. Recent news reports of deadly crashes involving distracted drivers highlight a growing danger on our roads. Due to this concern, Bost,

Inc. has established this policy to protect the safety of our employees, the safety of the general public and the company's assets and reputation.

Based upon this concern, Bost, Inc. has made an effort to fairly and economically institute a Distracted Driving Policy but still operates its business in a safe and practical manner. Employees should comply with all federal, state, and local laws and regulations regarding the use of mobile technology devices including cellular phones. [The Governors Highway Safety Association maintains a list of state and local restrictions on cellular phone use (www.ghsa.org).]

The following activities, while driving or operating a motorized vehicle on company business, are prohibited:

1. Use of handheld cellular phones while driving. Unless specifically equipped with (Hands-Free Device), HFD, cell phones and/or smart phones must be turned off or put on silent or vibrate mode before starting the vehicle. Cellular phone calls using hands-free technology while driving is discouraged. To minimize the impact of distraction, calls, if any, should be brief. Extended conversations should be made while not driving.
2. Answering or making phone calls, unless by the HFD.
3. Creating, reading, or responding to text messages or e-mails, dialing cellular phones, viewing television, videos or DVDs and inputting data into laptop computers, personal digital assistants, or navigation systems.
4. Engaging in conversations using phones, two-way radios, or other communication devices, unless by the HFD.
5. Entering information into an electronic navigation system ("GPS"), computer, dispatch device or other electronic device which requires the user to manually enter information; and
6. Use of headphones, earphones, or similar equipment to listen to the radio, MP3 players, CD players or other entertainment devices.

To implement the Distracted Driving Policy, the following activities, other than use of the HFD for business purposes by the employee, will be prohibited:

1. Unless the employee is using the HFD, a vehicle being driven on company business must be parked in a legal and safe location before placing or answering a phone call, reading, or responding to e-mails/text messages or similar.
2. Unless the employee is able to use the HFD, employees receiving calls from other employees who are, or are likely to be, driving are to ask if they are driving and, if so, ask them to call back when they are safely parked.
3. Addresses or other information must be manually entered into a GPS or other dispatch device prior to putting the vehicle into motion.
4. Before starting the vehicle, all objects in the vehicle are to be secured, placed on the floor or other location where each will not fall or otherwise distract the driver.

5. Drivers are to avoid reaching for objects, papers, maps, etc. while the vehicle is in motion; and
6. Drivers are to avoid any activity that diverts attention from the driving task, such as reading, writing, adjusting controls, etc. unless the vehicle is stopped, parked off the road with emergency flashers on, and in a safe location.

The prohibited activities and required practices listed above apply to:

1. The operation of any vehicle on company business regardless of whether the vehicle is owned by the company or the employee.
2. All communication devices other than the HFD.
3. All devices, other than the HFD, whether owned by the company or by the employee; and
4. All conversations, whether personal or business in nature.

NOTE: Bost, Inc. fully expects the employee to operate the HFD in a safe and practical manner while ensuring the safe and practical operation of the Organization vehicle. Should the employee be concerned the use of the HFD results in the operation of the Organization vehicle in an unsafe manner, the employee shall always err on the side of caution and shall restrict the use of the HFD in the Organization-owned vehicle until the employee is able to safely pull the Organization-owned vehicle to the side of the road, slow to a stop and place the Organization-owned vehicle in park with its emergency flashers in operation before operation of the HFD.

Bost, Inc. is concerned about the safety and wellbeing of its employees. This is so important that violations of this policy will be considered serious by the company and may result in the imposition of discipline up to and including immediate termination.

Substance Abuse Policy

In Accordance with USDOT and FMCSA Regulations

Bost, Inc. is dedicated to providing safe and dependable transportation services. Bost's employees are a valuable resource, and it is our goal to provide a safe, healthy, and satisfying working environment, free of the potential dangers posed by the use of prohibited drugs and misuse of alcohol.

This policy is established to comply with the Federal Motor Carrier Safety Administration (FMCSA) rules codified as 49 CFR Part 382, as amended, and the USDOT regulations codified as 49 CFR Part 40, as amended, and is only applicable to employees covered by these regulations.

Policy provisions authorized by Bost, Inc. are italicized and bolded throughout this policy. All other policy provisions are implemented under the authority of the United States Department of Transportation (USDOT) and the Federal Motor Carrier Safety Administration (FMCSA).

1. Testing Program Background

The Omnibus Transportation Employee Testing Act of 1991 (OTETA) directed the United States Department of Transportation (USDOT) to promulgate regulations outlining the procedures for transportation workplace drug and alcohol testing. The USDOT regulations titled "Procedures for Transportation Workplace Drug and Alcohol Testing" are codified as 49 CFR Part 40. The regulations ensure uniform practices for specimen collections, laboratory analysis, medical review, result reporting, and the return-to-duty process for violating employees. The regulations are applicable to safety-sensitive employees in transportation workplaces throughout the nation (transit, railroad, aviation, commercial drivers, etc.).

The OTETA also directed each transportation administration to craft industry-specific regulations that define which employees are subject to testing, the testing circumstances, policy statement requirements, and training requirements, relevant to that industry. Bost, Inc. is required to comply with both the USDOT

regulations described above and the Federal Motor Carrier Safety Administration (FMCSA) regulations “Controlled Substance and Alcohol Use and Testing”, which are codified as 49 CFR Part 382.

2. Employee Applicability

This policy and the USDOT/FMCSA testing program apply to any Bost employee who drives a vehicle which requires the individual to hold a Commercial Driver’s License (CDL) to operate the vehicle. A commercial motor vehicle is defined as:

- A vehicle with a passenger capacity of 16 or greater, including the driver*
- A vehicle or combination of vehicles with the GVW of 26,001 lbs. or greater
- A vehicle that is placarded for hazardous materials transport

*Applicable vehicle to Bost

3. USDOT/FMCSA Prohibited Drugs

Consumption of the following drugs is prohibited at all times:

- Amphetamines
- Cocaine
- Marijuana
- Opioids
- Phencyclidine (PCP)

4. Pre-employment Drug and Alcohol Background Checks

In accordance with 49 CFR Part 40.25, Bost must make and document good-faith efforts to perform drug and alcohol background checks on all applicants applying for a position which will require the employee to operate a commercial motor vehicle as defined above. Testing information will be requested from each of the applicant’s previous DOT-covered employers during the three years prior to the date of application. Bost must obtain written consent for the release of their drug and alcohol testing information from their previous DOT-covered employers to Bost. Applicants refusing to provide written consent are prohibited from operating a commercial motor vehicle for Bost.

Bost must also ask all applicants whether they have tested positive or refused to test on any pre-employment drug or alcohol test for an employer to which the employee applied for, but did not obtain, DOT safety-sensitive work during the previous two years.

Applicants who have previously violated the USDOT testing program must provide documentation that they have successfully completed the USDOT’s return-to-duty process with a DOT-qualified Substance Abuse Professional (SAP). Failure to provide satisfactory documentation will exclude the applicant from being hired as an operator of commercial motor vehicles for Bost.

5. Pre-Employment Testing

All applicants for CDL-required positions shall undergo a pre-employment urine drug test. Bost must receive a verified negative drug test result prior to the applicant’s first driving duty in a CDL-required vehicle, including behind-the-wheel training.

Per Bost authority, if an applicant’s pre-employment urine drug test result is verified as positive, the applicant will be excluded from consideration for employment with Bost. Applicant will be provided a list of USDOT-qualified Substance Abuse Professionals or contact information for a Substance Abuse Professional referral service, as required.

An employee returning from an extended leave period of 30 consecutive days or more, and whose name was also removed from the random testing pool for 30 days or more, must submit to a pre-employment urine drug test. Bost must be in receipt of a negative drug test result prior to the employee resuming their driving duties in a CDL-required vehicle.

6. Random Testing

Employees will be subject to random, unannounced testing. Bost will perform random testing in a manner that meets or exceeds the FMCSA minimum annual testing requirements, as amended. The selection of employees for random testing will be made using a scientifically valid method. All employees in the testing pool will have an equal chance of being selected each time random selection is performed. Random alcohol tests will be conducted just before, during, or just after the employee has performed driving duties in a CDL-required vehicle. Random drug tests may be conducted anytime an employee is on duty, on call for duty, or on standby for duty.

Once an employee is notified that they have been selected for a random test, they must proceed immediately to the testing location. Failure to proceed immediately may be deemed a refusal to test.

7. Reasonable Suspicion Testing

An employee must submit to reasonable suspicion drug and/or alcohol testing when a supervisor or company official trained in detecting signs and symptoms of drug use and alcohol misuse has made specific, contemporaneous, articulable observations concerning an employee's appearance, speech, behavior, and/or body odor. Reasonable suspicion testing for alcohol misuse will occur when observations are made just before, during, or just after the employee has performed driving duties in a CDL-required vehicle. Reasonable suspicion testing for prohibited drug use may be conducted when observations are made any time an employee is on duty or on standby for duty. **Per Bost authority, an employee who undergoes a reasonable suspicion drug test will not be permitted to perform safety sensitive duties until a negative test result is received.**

8. Post-Accident Testing

Fatal Accidents: Drivers must submit to post-accident drug and alcohol testing following an accident involving a CDL-required vehicle that results in the loss of human life.

Non-Fatal Accidents: Drivers of a CDL-required vehicle who have been involved in a non-fatal accident in which an individual suffered bodily injury and immediately received medical treatment away from the scene, OR one or more vehicles incurred disabling damage that required the vehicle(s) to be towed away from the scene, must submit to post-accident drug and alcohol testing if the driver was issued a citation (citation must be issued within 8 hours of the accident for alcohol and within 32 hours of the accident for drugs) from a state or local law enforcement agency.

Post-accident drug and alcohol tests will be conducted as soon as practicable following the accident. An employee involved in an accident must refrain from alcohol use for eight (8) hours following the accident or until the employee undergoes a post-accident alcohol test, whichever occurs first. An employee who leaves the scene of the accident without a justifiable reason or explanation prior to submitting to drug and alcohol testing will be deemed to have refused the test. However, employees are not prohibited from leaving the scene of an accident to obtain assistance in responding to the accident or to obtain necessary emergency medical care.

9. Urine Specimen Collections

Urine specimen collections will be conducted in accordance with USDOT rule 49 CFR Part 40, as amended. Collectors will be appropriately trained and qualified to perform urine specimen collections for USDOT-covered employers. Urine specimen collectors will use the split specimen collection method and will afford the donor (employee) the greatest degree of privacy permitted per 49 CFR Part 40, as amended. When an observed collection is required, the observer will be of the same gender as the donor (employee).

10. Refusal to Submit to USDOT/FMCSA-Required Drug Testing

The following actions constitute a “refusal to test” in accordance with 49 CFR Part 40, as amended:

- a. Failure to appear for any test within a reasonable time, as determined by the employer, consistent with applicable DOT agency regulations, after being directed to do so by the employer (excluding pre-employment testing)
- b. Failure to remain at the testing site until the testing process is complete, provided that an individual who leaves the testing site before the testing process commences for a pre-employment test is not deemed to have refused to test
- c. Failure to provide a urine specimen for any drug test required by this part or DOT agency regulations
- d. In the case of a directly observed or monitored collection in a drug test, failure to permit the observation or monitoring of your specimen production
- e. Failure to provide a sufficient amount of urine when directed, when it has been determined, through a required medical evaluation, that there was no adequate medical explanation for the failure
- f. Failure or declining to take an additional drug test the employer or collector has directed you to take
- g. Failure to undergo a medical examination or evaluation as directed by the MRO, as part of the verification process, or as directed by Bost.
- h. Failure to cooperate with any part of the testing process (e.g., refusal to empty pockets when directed by the collector, behaving in a confrontational way that disrupts the collection process, or failure to wash hands after being directed to do so by the collector)
- i. For an observed collection, failure to follow the observer’s instructions to raise your clothing above the waist, lower clothing, and underpants, and turn around to permit the observer to determine if you have any type of prosthetic or other device that could be used to interfere with the collection process
- j. Possessing or wearing a prosthetic or other device that could be used to interfere with the collection process
- k. Admitting to the collector or MRO that you adulterated or substituted the specimen
- l. When the MRO verifies your drug test result as adulterated or substituted

Refusing to submit to a USDOT/FMCSA-required test is a violation of the USDOT/FMCSA testing program. Employees are required to be immediately removed from driving duty and provided with a list of USDOT-qualified Substance Abuse Professionals or contact information for a Substance Abuse Professional referral service. ***Per Bost authority, violation of the USDOT/FMCSA testing program will result in termination of employment.***

11. Urine Specimen Analysis

All specimens will be transported or shipped to a laboratory certified by the Department of Health and Human Services (DHHS). All specimens will be analyzed at the laboratory in accordance with 49 CFR Part 40, as amended. The procedures that will be used to test for the presence of prohibited drugs will protect the employee, protect the integrity of the drug testing process, safeguard the validity of the test results, and ensure that the test results are attributed to the correct employee. Laboratory-confirmed drug test results will be released only to a certified Medical Review Officer (MRO) for review and verification.

Negative-Dilute Specimens

Upon receipt of an MRO-verified negative-dilute drug test result with creatinine levels greater than 5 mg/dl, but less than 20 mg/dl, Bost will require applicants and employees to submit to a second urine collection, per 49 CFR Part 40.197. The collection of the second specimen will not be conducted using direct observation procedures. The MRO-verified result of the second urine drug test will be accepted by Bost as the final result and the test of record. **Bost will apply this policy provision uniformly for all pre-employment and random urine drug tests reported by the Medical Review Officer as having creatinine levels greater than 5mg/dl, but less than 20mg/dl (negative-dilute results).** Once notified that a second collection is required, employees must proceed immediately for testing. An employee's failure to report immediately may be deemed as a refusal to submit to testing, which is a violation of the USDOT/FMCSA testing program. **Per Bost authority, violation of the USDOT/FMCSA testing program will result in termination of employment.**

12. Role of the Medical Review Officer (MRO)

The role of the Medical Review Officer (MRO) is to review and verify laboratory-confirmed test results obtained through a DOT-covered employer's testing program. When a non-negative drug test result is received, the MRO will communicate with the donor (employee) to determine if a legitimate medical explanation exists. When a medication legally prescribed to the donor has produced a non-negative result, the MRO will verify the prescription and report the result as "negative" to Bost. Medical conditions and other information obtained by the MRO during the interview with the donor will be maintained in a confidential manner. However, if the MRO believes that a medication prescribed to the donor may pose a significant safety risk, the MRO will require the donor to contact his/her prescribing physician and request that the physician contact the MRO within 5 business days. The MRO and prescribing physician will consult to determine if the employee's medication use, or medical condition presents a significant safety risk. If the employee's prescribing physician fails to respond, the safety concern will be reported to Bost without consultation. Based on the MRO recommendation, Bost may deem the employee medically disqualified from performing driving duties in a CDL-required vehicle.

13. Consequence for MRO-Verified Positive Drug Test

When Bost is notified of an MRO-verified positive drug test or a test refusal due to adulteration or substitution, the violating employee will be immediately removed from driving duties and provided a list of DOT-qualified Substance Abuse Professionals or contact information for a Substance Abuse Professional referral service. Applicants will be excluded from hire and provided with a list of DOT-qualified Substance Abuse Professionals or contact information for a Substance Abuse Professional referral service. **Per Bost authority, violation of the USDOT/FMCSA testing program will result in termination of employment.**

14. Split Specimen Testing

As an important employee protection, split specimen collection procedures will be used for all USDOT/FMCSA urine collections. When an employee challenges an MRO-verified result, he/she may request that the split specimen (bottle B) be tested at a different DHHS-certified laboratory than conducted the test of the primary specimen (bottle A). Instructions for requesting the split specimen test will be provided by the Medical Review Officer during his/her interview with the donor (employee). In accordance with USDOT rule, Bost will ensure that the fee to process the split specimen test is covered, in order for a timely analysis of the split specimen. **Bost may seek reimbursement for the cost of the split specimen test from the employee.**

15. Use of Prescription and Over-the-Counter Drugs

Safety-sensitive employees are permitted to use prescription and over the counter (OTC) drugs if all of the following conditions are met:

- a. The prescription drug was prescribed for the employee, not another individual.
- b. The prescription drug is used as prescribed.
- c. The prescription or OTC drug does not prevent the employee from performing their job safely.
- d. The employee's physician is aware of the employee's job duties and still advises use of the prescription or OTC drug.
- e. The employee is not prohibited from using the prescription or OTC drug by their employer.

16. Use of "Medical Marijuana" and CBD

Though medicinal use of marijuana is legal under Arkansas law, its use is prohibited by both federal law and USDOT regulations. This includes other substances, such as CBD products, that contain delta-9 Tetrahydrocannabinol (THC). A drug test result that is positive for the presence of marijuana will not be reversed (changed to negative) based on the fact that the employee holds a medical marijuana registry ID card. **The consequences of a positive drug test due to use of "medical marijuana" or other THC-containing substances are the same as any other verified positive drug test result, including termination of employment under Bost authority.**

17. Alcohol Prohibition

Employees are prohibited from consuming alcohol while driving a CDL-required vehicle, within (4) four hours prior to performing driving duties in a CDL-required vehicle, or during the hours that they are on call or standby for duty. No employee shall report for duty or remain on duty while having an alcohol concentration of 0.04 or greater.

Employees must not consume alcohol within eight (8) hours following an accident that requires post-accident drug and alcohol testing, or until the employee submits to post-accident testing, whichever occurs first.

18. Alcohol Testing

All alcohol screening and confirmation tests will be performed in accordance with USDOT rule 49 CFR Part 40. The procedures that will be used to test for alcohol misuse will protect the employee and the integrity of the testing process, safeguard the validity of the test results, and ensure that the test results are attributed to the correct employee.

When an alcohol screening test indicates a blood alcohol concentration (BAC) of 0.02 or greater, a confirmation test will be performed using an evidential breath-testing device listed on the USDOT/ODAPC webpage as an "Approved Evidential Breath Measurement Device". The confirmed blood alcohol concentration (BAC) result will be transmitted by the technician to Bost in a confidential manner. An employee who has a confirmed blood alcohol concentration (BAC) of 0.02 or greater, but less than 0.04, will be removed from driving duties for a period of at least twenty-four (24) hours, per 49 CFR Part 382.505.

19. **Consequence for a USDOT/FMCSA-Confirmed Alcohol Violation**

An employee with a confirmed blood alcohol concentration (BAC) of 0.04 or greater has violated the USDOT/FMCSA testing program and will be immediately removed from driving duty and provided a list of DOT-qualified Substance Abuse Professionals or contact information for a Substance Abuse Professional referral service. ***Per Bost authority, violation of the USDOT/FMCSA testing program will result in termination of employment.***

20. Refusal to Submit to USDOT/FMCSA-Required Alcohol Testing

The following actions constitute a refusal to submit to an alcohol test:

- a. Failure to appear for any test within a reasonable time, as determined by the employer, consistent with applicable DOT agency regulations, after being directed to do so by the employer
- b. Failure to remain at the testing site until the testing process is complete, provided that an individual who leaves the testing site before the testing process commences for a pre-employment test is not deemed to have refused to test
- c. Failure to provide an adequate amount of saliva or breath for any USDOT-required alcohol test
- d. Failure to provide a sufficient breath specimen unless a required medical evaluation provides an adequate medical explanation for the failure
- e. Failure to undergo a medical examination or evaluation, as directed by the employer
- f. Failure to sign the certification at Step 2 of the ATF
- g. Failure to cooperate with any part of the testing process

Refusing to submit to a USDOT/FMCSA-required test is a violation of the USDOT/FMCSA testing program. Employees must be immediately removed from driving duty and provided with a list of USDOT-qualified Substance Abuse Professionals or contact information for a Substance Abuse Professional referral service. ***Per Bost authority, violation of the USDOT/FMCSA testing program will result in termination of employment.***

21. FMCSA Drug and Alcohol Clearinghouse Reporting Requirement

In an effort to ensure that violating employees are not able to resume safety-sensitive duties (driving a commercial motor vehicle) until they have successfully completed the USDOT's return-to-duty process, the FMCSA has implemented a Drug and Alcohol Clearinghouse in accordance with 49 CFR Part 382, Subpart G. The following information must be reported to the FMCSA Drug and Alcohol Clearinghouse by the appropriate party:

- a. A verified positive, adulterated, or substituted drug test result
- b. An alcohol confirmation test with a concentration of 0.04 or higher
- c. A refusal to submit to any test required by subpart C of this part
- d. An employer's report of actual knowledge, as defined at §382.107:
 - i. On-duty alcohol use, pursuant to §382.205
 - ii. Pre-duty alcohol use, pursuant to §382.207
 - iii. Alcohol use following an accident, pursuant to §382.209
 - iv. Controlled substance use, pursuant to §382.213
- e. A Substance Abuse Professional report of the successful completion of the return-to-duty process
- f. A negative return-to-duty test
- g. An employer's report of completion of follow-up testing

22. Querying the Clearinghouse

Before hiring or transferring an employee into a safety-sensitive position, Bost is required to run a full query of the employee's drug and alcohol violation history in the FMCSA Drug and Alcohol Clearinghouse, per 49 CFR 382.701(a). This full query requires the employee's electronic consent through the Clearinghouse.

Bost must conduct a limited or full query of the employee's drug and alcohol violation history in the Clearinghouse at least once per year, per 49 CFR 382.701(b). Conducting a limited query requires the employee's written consent, though that consent may be valid for more than one year. If the limited query

indicates that records exist for the driver in the Clearinghouse, Bost must then conduct a full query. Conducting a full query requires the employee's electronic consent through the Clearinghouse.

Refusal to provide the required consent for a limited or full query of the Clearinghouse will result in removal of the employee from safety-sensitive functions, in accordance with 49 CFR 382.703(c). ***Per Bost authority, refusal to provide the required consent for a limited or full query of the Clearinghouse will result in termination of employment.***

CORPORATE LOSS CONTROL PROGRAM

The goal of our company is to be the best contractor possible, performing work in a manner that is safe and consistent with good construction practices and that adheres to Federal and State laws and regulations.

A sound safety program can prevent almost all accidents that occur on our jobs. For such a program to be successful will require the full participation of each of you. In turn, each employee will benefit by lessening the possibility that you may experience the loss of income and suffering which results from an accident at work.

We come under OSHA rules and regulations and have adopted the current standards, "*Safety and Health Regulations for Construction*", as our governing rules and regulations for safety at the work site.

The activities and procedures outlined in the Bost Safety Program will provide minimum guidelines for the protection of our employees and the general public. This plan requires that all of our employees cooperate to make it effective. Since this is our own program, it depends upon each of us to make it successful.

The Corporate Compliance Director is the Loss Control (Safety) Officer, however, responsibility for the program will be delegated to supervisors in accordance with our company structure. The results of our safety effort will be an important measure of our overall effectiveness as a corporation. I will follow closely the operation of our Loss Control Program and your individual participation in it.

SAFETY NOTICE

The Occupational Safety and Health Act (OSHA) of 1970 provides job safety and health protection for workers through the promotion of safe and healthful working conditions throughout the nation. (OSHA) requires that we shall furnish to each of our employees a place of employment which is free from recognized hazards so that our employees may work in surroundings and under working conditions which are not unsanitary, hazardous, or dangerous to his/her health and safety. Bost, Inc. shall comply with occupational safety and health standards issued by the Act.

This same law also states that each employee shall comply with OSHA Standards and rules, regulations and orders issued pursuant to this law which are applicable to his own actions and conduct. This law requires that an employer reprimand, or even discharge, employees who violate the Organization's Safety Rules.

The United States Department of Labor encourages employers and employees to reduce workplace hazards voluntarily, and to develop and improve safety and health programs in all workplaces and industries. The methods used to advise employees include, but are not limited to, regularly scheduled safety meetings, jobsite safety meetings, and employee training seminars.

Each employee shall comply with occupational safety and health standards, rules, regulations, and orders issued under the Act that apply to his own actions and conduct on the job.

Safety awareness training will be a vital part of your employment at Bost, Inc. Employees will be trained according to their job classifications. We can set the guidelines and general rules for safety, but to have an effective program for your protection, we need your cooperation.

The Property Management Director also has a "Hazardous Communications Program" book with material safety data sheets on all hazardous materials that you will encounter at work. Training in this area will be conducted before beginning work with Bost, Inc.

Safety is little more than good work practices and common sense. Before undertaking any job.....THINK.....about safety and the elimination of hazards. If you are not sure it is safe, ask your supervisor.

We welcome your suggestions and ideas. Speak up at the Loss Control (Safety) meetings. You see and know more about what should be done than anyone else. Don't keep these ideas to yourself, tell us.
